WEEKLY LOG SHEET

TUS Midwest
Department of Information Technology

Student Name: Oisin Webb	**Date: 2th Oct 2026**
Department: Information Technology	**Award Title**
Title: Hidden Gems: Analyzing NBA contract values with machine learning	**Supervisor: James Fennell**

Week Beginning Date:	**5th Oct 2026**

Achieved last week:

- Completed and uploaded my proposal presentation to Moodle.
- Trial run of how Streamlit cloud hosting works.
- Deployed test database on Aiven and connected to Streamlit hosting.

Objectives for this week:

- Download and begin cleaning my dataset off Kaggle.
- Create my database scheme.

Questions:

- Is the framing of my project "predicting a player's market value" wrong and instead it should be analysing what the league pays for in player's and finding the best value for money?

Suggestions/Recommendations (Supervisor):
